

Keep Your Company Out of Danger

"Every day in America, 12 people go to work and never come home. Every year in America, 3.3 million people suffer a workplace injury from which they may never recover. These are preventable tragedies that disable our workers, devastate our families, and damage our economy."
 — Secretary of Labor Hilda Solis, April 28, 2011 blog

Linda Light, LLC keeps your company out of danger and arms your employees with practical, applicable tools they can use immediately to:

Ensure compliance. Protect your people and profits. Reduce worker injuries. Minimize legal risks. Stay current with regulatory issues.

When you want safety programs that work.

Give your employees the right skills to keep you out of danger.

- Create safe work environments while minimizing legal risks.
- Gain practical ideas to provide how safety programs protect profits.
- Communicate safety issues consistently and clearly.
- Stay on top of OSHA's hot button issues of potential new legislation.
- Develop a safety program to ensure compliance.

Tailor a program for your specific needs.
